

Dr. Hubert Fink

LANXESS AG
Corporate Communications

Seite 1 von 1

Hubert Fink was born in Jülich, Germany, in 1962. He studied process engineering at RWTH Aachen University, obtaining his doctorate in 1988. He completed a second diploma in business administration and engineering at RWTH Aachen University in 1992.

Fink joined Bayer AG in 1988. After holding various positions in production, plant engineering and the corporate staff division, he became head of Global Operations Semi-Crystalline Products in the Bayer Polymers subgroup in 2002.

When the LANXESS organization was set up in 2004, Fink became head of the Semi-Crystalline Products business unit. He has headed the Advanced Industrial Intermediates business unit since 2011.

Hubert Fink was appointed by the Supervisory Board of LANXESS AG on September 22, 2015, to become Member of the Board of Management effective October 1, 2015. His current contract is valid until September 30, 2026.

Fink is married and has two children.

External Office:

Member of the Board of the European Chemical Industry Council (Cefic)
