Press Release

LANXESS to hold "Virtual Days" for the third time

- Interactive event from March 7 to 9, 2023, for customers and interested parties from all over the world
- 45 webinars on LANXESS products, services and strategic alignment
- Focus on specialty chemicals for consumer protection and sustainability

Cologne, February 21, 2023 - LANXESS to hold "Virtual Days" for the third time: From March 7 to 9, 2023, existing and potential customers of the specialty chemicals company can find out about new product developments, technologies and general industry trends at the online event. The main topics will be the use of specialty chemicals in the consumer protection sector and sustainability.

The webinars will be held in different languages for the EMEA, Asia and America regions, with content tailored to their specific needs. In a total of 45 online events, LANXESS experts will guide participants through topics such as biosafety, personal care, battery technologies, recycling of packaging materials and water treatment. Strategic group and industry topics such as climate neutrality or sustainable financial strategies are also presented by members of the Board of Management and external speakers.

Anyone wishing to attend can register free of charge for the LANXESS Virtual Days 2023 on the internet at https://virtualdays.lanxess.com.
